TAREEQAH MUHAMMADIYAH

Allah the Exalted sent the Prophet ﷺ to teach mankind how to spend their life in the worship of Allah , in order to please Him.

Tareeqah Muhammadiyah is the course of self-purification that helps a person achieve this.

In order to please Allah , one must develop the following four qualities:

1. GIVING PREFERENCE TO ALLAH جل جلاله
2. GIVING PREFERENCE TO THE MESSENGER OF ALLAH ﷺ
3. COMPASSION UPON CREATIONS
4. CONSTANT AWARENESS OF ALLAH

THE FOUR STAGES OF PURIFICATION

1. PURIFICATION OF THE BODY

To protect his bodily organs from the sins of the tongue, ears, eyes, hands, feet, stomach and private parts.

2. PURIFICATION OF THE MIND

Preserving the heart and mind from evil thoughts, replacing it with good and pure thoughts and instilling in the mind the presence of Allah .

3. PURIFICATION OF THE HEART AND SOUL

Eradicating the evil traits such as envy, hatred, ostentation and arrogance contained within the heart, then adorning one's inner-self with good traits such as sincerity, patience, gratitude, trust and abstinence.

4: ILLUMINATION OF THE SPIRIT (RUH)

To annihilate the inward and outward in the love and obedience of Allah and the Messenger, ﷺ the result of which will be the attainment of Allah's closeness, pleasure and gnosis.

Upon completing the four stages of purification, the seeker's inward will become enlightened with the friendship and presence of Allah, and he will begin to invite others to travel the path upon which he walked.

Although Ja'amia Muhammadiyah cover all the Islamic subjects comprehensively, our main speciality is in Da'wah (Sharing Islam) and Tazkiyah. UNVEILINGS OF THE UNSEEN

Humanity has always been in search of purpose and truth. In a world which has experienced significant technological and scientific advancements, there has been a disconnect between the material and spiritual realities, many as a result of this have begun to question the existence of the unseen world, the hereafter. Though many traditions believe scripturally in the unseen, the imprint of this belief in humanities pursuit to live conscious, purposeful and positively productive lives has slowly eroded.

Often driving us to fulfil this need using destructive measures. Leaving the masses feeling disconnected, depressed and in constant pursuit of fulfilling our spiritual needs at no avail. To combat these ever-pressing issues, spiritual ascensions retreats have been designed and conducted to give participants a taste of the unseen, building the three levels of conviction listed below.

These retreats nourish humanity's spiritual needs in a lawful and praiseworthy manner, rejuvenating the

relationship between the participants and Allah ﷻ and reconnecting the participants to the wider purpose of life.

THREE LEVELS OF CONVICTION

1. **'Ilm ul Yaqeen** (Knowledge of belief)
"Knowledge of Certainty "(102:5)
2. **'Ayn ul Yaqeen** (Seeing what you believe)
"Eye of Certainty "(102:7)
3. **Haqq ul Yaqeen** (Experiencing and tasting belief)
"Truth / Reality of Certainty" (56:95)

Muraqabah e Barzakh - To enter the Spiritual Realms with the intention to see the state of the Barzakh (grave) in order to solidify the nature the Grave. The participants gain a glimpse into the Barzakh, in order to increase their belief and this will enhance the participants to align themselves to the Shariah.

Muraqabah e Muhammadiyah - To enter the Spiritual Realms and witness the presence of the Prophet ﷺ. The participants will go through numerous milestones, in which the final stage will be witnessing the presence of the greatest of creation, Sayyiduna Muhammad ﷺ.

The muraqabahs are taught in a 2-4 day spiritual retreat, where the participant is taken from a novice level, to be able to experience the unseen realities. Participants have come from a vast demographic, from villagers to the university intellectuals.

COUNSELLING AND COACHING

His main aim is to provide a free service to allow people to realise their purpose of life, and provide innovative, contemporary and practical guidance ranging from the Prophetic teachings infused with a modern day scientific approach.

Due to his vast experience in life and wisdom in both the Islamic and secular worlds, he offers advice, guidance and direction to those individuals who need it. This stems across all facets of life such as personal, social, educational, Islamic, family, spiritual and administrative duties of the institutions that they head. The

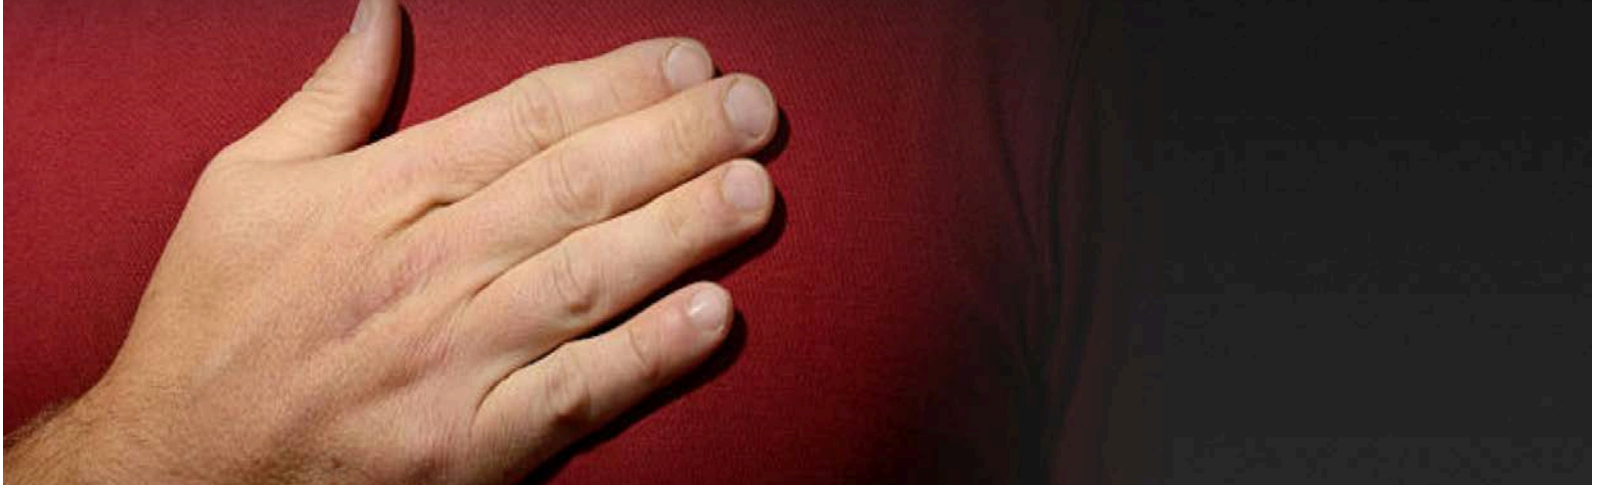

Teacher's selfless service has helped thousands of individuals gain confidence in various aspects of their lives, which has resulted in increased national and international popularity, whereby queues are generally taking majority of the night. The free counselling and coaching sessions are not bound by a time or place, as he is constantly replying to Emails, Phone calls and messages. When he is travelling and spreading the Prophetic teachings across the world, in his 'free' time he is offering life changing counsel and coaching.

FREE HEALING SESSIONS

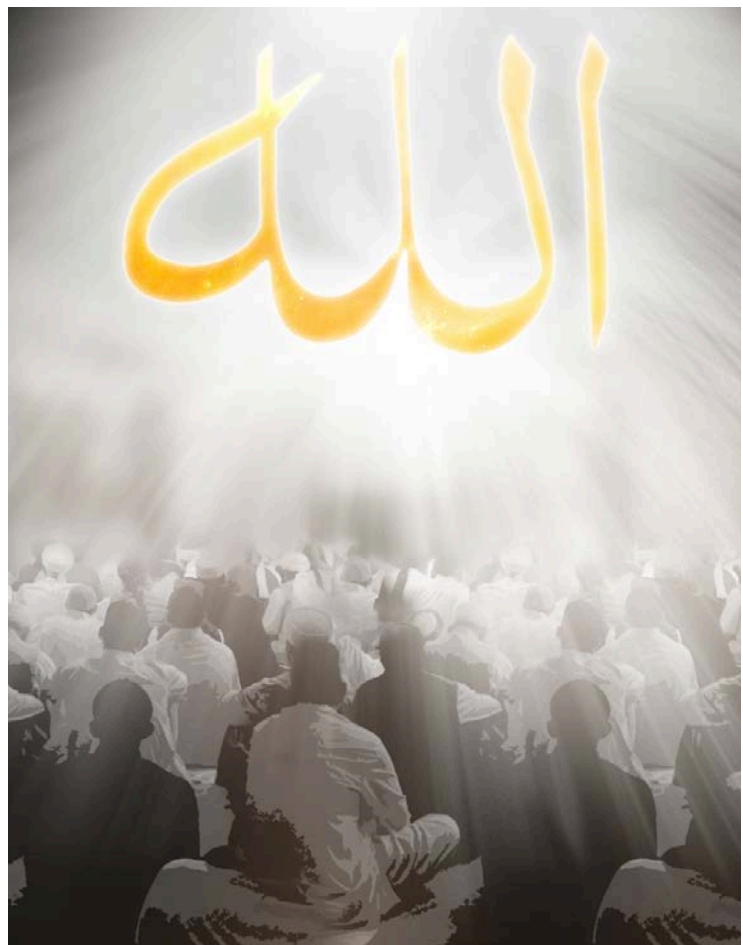

The free collective healing sessions aim to provide a service, where illnesses of a physical, mental or spiritual nature are cured using the Prophetic teachings.

The problems presented to humanity via illnesses leaves individuals, families and loved ones feeling lost, in disperse and hopeless. Due to a plethora of overwhelming emotions, people often search far and wide to find cures to their illnesses and in some cases it breeches the laws and regulations of Shariah.

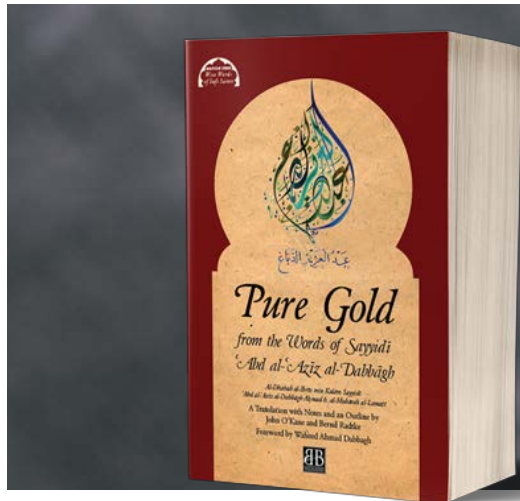

The healing sessions bridges the gap and provides a service whereby participants who are feeling at their lowest point can be given practical and spiritual help in order to overcome these issues. We totally rely on Allah ﷻ as One of his infinite qualities is 'Ash Shafi' (the one who cures).

The nature of illnesses are unique and individual to the participant so therefore they offer a 1 to 1 free and private consolation in order to address the people who want to address their

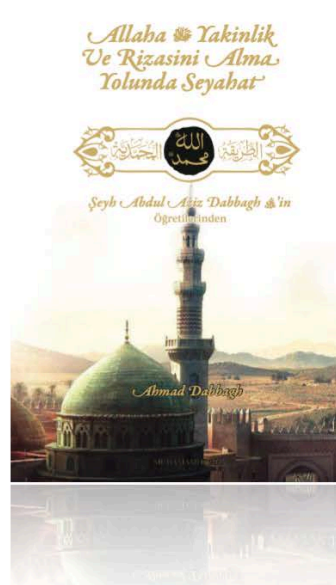

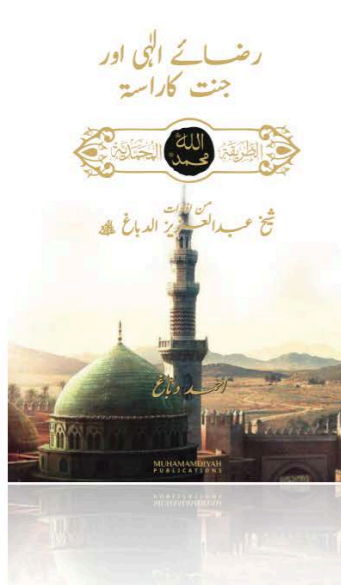

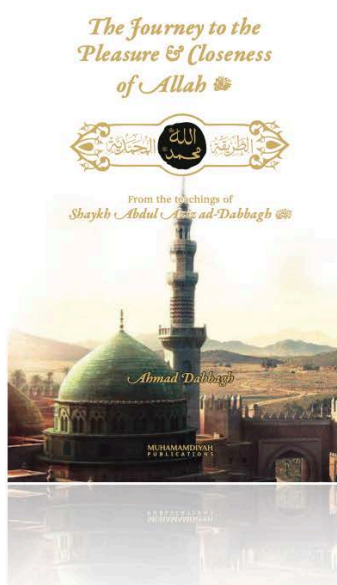

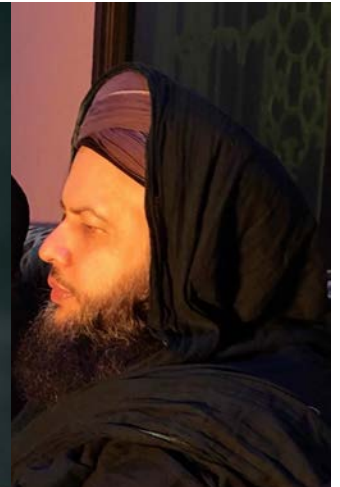

concern in a private environment. Also, this is in accordance to the Sharia, whereby the women will have to come with their mahrams, or else they will not get seen to.
