Actions and Intentions of a Believer

“Allah ﷻ is ‘intention oriented’, while the creation are ‘results oriented’.”

Allah ﷻ is the only being who is 'intention orientated' whereas the creation and dunya are 'effort and result orientated'. This means if a man spends all his life to achieve a dream, like the perfect job, but the results of his examination is not good he will not get that job.

With Allah ﷻ even if a person has made effort but did not achieve his goal of complete closeness to him in this world but died trying then in the sight of Allah ﷻ he still has achieved everything.

Another example is, Imam Hussain رضي الله عنه wanted establish the correct form of sharia and sunnah but many people betrayed him, others attacked him yet in the sight of Allah ﷻ he achieved this goal,

he attained his closeness and pleasure.

When a man does tawbah and when he makes intention, Allah ﷻ forgives his him even if he cannot maintain his tawbah as truthfully as he says he will for the foreseeable future.

In the battle of Uhud when those companions who were told not to come down from the mountain even if they saw the other companions being eaten by vultures and dying, did come down, the Prophet ﷺ did not remind them of this action as he was always reflecting the attributes of Allah ﷻ, as he looked at their intentions which was good; to help fellow companions and celebrate in the victory Allah Almighty gave them.

USA DA'WAH TOUR

Mi'raj Retreat, Bolton Zawiyah, UK

We were blessed with the opportunity to visit the Colorado Mountains. A truly majestic sight.

Alongside these mountains was a graceful riverbank, which we sat alongside and did a Maraqabah upon its weathered ground.

Our Ustadh Mujtaba remarked that these mountains before us resembled our Mountain Diagram, even down to the bridge connecting them and the river flowing beneath it the

same way non-objectives such as dreams and visions sat below the mountains in our diagram.

As we went to pray in Masjid Shuhudah, we met 2 brothers and the local Imam, all of whom greeted us with immense kindness and warmth, which we reciprocated to by sharing with them our message of purification and the Journey of Man.

A revert brother named Jibrael then entered looking for an Imam to answer his questions.

He detailed his journey towards Islam, which began within prison. However, he soon turned back to his gangster lifestyle.

Brother Jibrael then did a freestyle poem for us. We then educated him as to the 3 keys of the presence of Allah ﷻ as well as Muraqabah Dua.
