## Who will Achieve Success?

*Through the lens of my eyes I see  
THEE, hypnotised from the  
beauty and of the presence of  
timeless company.*

**“Give your heart  
to Allah ﷻ;  
your personality,  
thoughts and  
desires”**

**T**here are two types  
people who are  
always successful in  
the sight of Allah سُبْحَانَهُ  
وَتَعَالَى.

1. Those who go through the trial of life and are successful from its tests
2. Those who continually try but fail; however, get up and try again. And if in this pattern they die, they are also successful.

This means a Muslim should never be pessimistic or negative as he or she will

always be successful with the right mindset *إن شاء الله*.

If a person gives his heart in the way of Allah تَبَارَكَ وَتَعَالَى, then Allah عَزَّ وَجَلَّ will return it even more illuminated.

Like a man who gives his car to a garage, it is returned in working order and in a good state than it was before it went in.

Giving your heart to Allah سُبْحَانَهُ وَتَعَالَى means one who gives his personality, traits, thoughts and desires for Allah جَل جلاله.

## SHA'BAN MEANS SEPERATION

I.E. TO SEPERATE ONESELF  
FROM EVIL DESIRES,  
IN ORDER TO RETURN TO  
THE ONENESS OF ALLAH ﷻ,  
SO YOU CAN REAP THE  
FRUITS OF RAMADHAN

## Fortnightly gathering in Luton, UK

USTAADH ABDURRAHEEM

**A**lhamdulillah, with the support of Professor Masood Hazarwi, a new series on 'Self Development and Human Excellence' was delivered in Luton by Ustadh Abduraheem (London). These sessions take place after Esha on Friday every 2 weeks, at Al Hira Masjid, and are also live streamed on the Prophetic Path London YouTube channel.

During this series, Our Whole Journey and the 5 Ks were introduced to the attendees (Knowing Yourself, Knowing Your Purpose, Knowing How, Knowing The Creation, Knowing Allah). After the bayan, the attendees were offered the chance to have 1-

to-1 consultations or an introduction to the Purification Course by either Ustadh Abduraheem or Imam Muhammad (London). So far one person has taken the Path, alhamdulillah - may Allah grant them success. It was also fed back that the attendees are very keen to learn more about the topic, and eager for the next session.

Three sessions have been held so far since the launch on 27 January, with a turnout of approximately 10 people per session. The organisers hope to be able to extend the physical attendance options so that local sisters can also partake and benefit.

DA'WAH TOUR

# Expedition to Austria

## ONE MAN'S TRUE YEARNING FOR A SPIRITUAL GUIDE

**I**magine at short notice being sent to a destination that you may never have imagined ever visiting in your life. Such was the case with two brothers were sent to the Popular Ski area of Austria  to the city of Salzburg. This destination is popular for people all over the world who come for skiing due to the many popular ski resorts nearby.

Br Mansoor Ahmed was sent from Denmark, and myself (Zafar Majid) from the UK. We were sent by the Blessed Teacher, Shaykh Ahmad Dabbagh, just to teach one brother the path of self-purification and ascension. The brother is an Imam and the founding member of the first Pakistani masjid in Salzburg.

Hafiz Arshad, had a great yearning to learn the path and had been searching for a true spiritual guide for over 20 years. He has now dedicated his life to helping Allah's creation in any way he can.

He shared a story with myself and Br Mansoor that he met his first spiritual teacher about 20 years ago who claimed that he can take people into the spiritual world if they become his mureeds. In twenty years he was able to meet his spiritual guide about 3-4 times only and nothing was shown to him, in terms of any path or method on how to achieve his goal to obtain closeness to Allah SWT. When he last met his spiritual

guide about 10 years ago he was promised that he will get a call from him and that call never came, leaving him disheartened.

When a friend of his mentioned that Shaykh Ahmad Dabbagh, whom he had never heard of before was visiting Vienna in last

October 2022 he decided to attend the programme in which they were delivering a talk.

He requested to meet them afterwards and took their number to remain in touch. He then contacted them on a few occasions and was offered to come to the UK to learn the path. He mentioned that he is unable to do so due to not having a visa to travel to the UK.

The Blessed Teacher said to him, "Don't worry I will send someone to you direct to teach you". Br Arshad mentioned to me, 'I thought they have made a promise which will not happen. It seemed a very far-fetched idea that somebody's going to come all the way to Salzburg just to teach me. I was actually gobsmacked when you two brothers were sent to teach me this path. Even then at your own expense without expecting anything in return. This is such a selfless act which nobody does this day and age".

He said this act impressed him so much that he could not believe it.

For myself personally, and my travelling companion Br Mansoor we learnt invaluable lessons of how our Blessed Teacher has immense love for everyone and how they remember everyone, even when people think they do not and will never remember me.

This is something we all need to learn and take on board, including myself first and foremost.

Our beloved teacher Shaykh Ahmad Dabbāgh, is an inspiring personality who is teaching us how to properly interact with people so they become attracted to this path through our sincere conduct.

Hafiz Arshad, like many is not impressed by peoples titles and status but they look at peoples conduct and how they keep their promises, and act with such selflessness.

We were also able to interact with many other people on the trip as this has become a multicultural Masjid with people from Bosnia, Somalia and Turkey.

We were also able to deliver a short speech in english before Jumma, which was well received.

We pray that Hafiz Arshad becomes a means to spreading the true message of the deen not just in Salzburg but through Austria. آمين يارب العالمين

Unfortunately, we did not get any time to go skiing. Perhaps next time InShaAllah.
